Prophet T.B. Joshua of the Synagogue Church Of All Nations (SCOAN), Lagos, made some stunning predictions at the end of his annual 'crossover service' in the final hours of the year 2015.

Naij.com presents you the protocols of the man of God's visions for the new year.

1. Prophecies for the African continent

There will be a large-scale scarcity, shortage of food. As a state, country, continent, we have to go back to the farm to arrest, to alleviate the forthcoming situation. Some countries will suffer excessive rainfall while others will suffer drought.

I encourage the governments of all nations to invest in agriculture and to grant loans to deserving citizens to augment this effort.

The continent of Africa. How much have we disappointed God. Africa is supposed to be the breadbasket of the world. We are supposed to produce a large quantum of food for the world. This is our natural resource base. Food should be our primary

export to other continents. Food in exchange for technology.

2. About African politics in 2016

African leaders should quickly arrest the political situation.

More African countries will be under siege by terrorists because of pros and cons in choosing leaders. Mishandling of electoral processes will create a conducive atmosphere for terrorists.

Politics will not be business as usual because of limited resources. There will be no profit in investing in politics because of governments' limited resources and challenges.

This now gives grace to those who are genuinely called to the job. When you are genuinely called to do the job, you will do it because of your love for it and not because of money. This year, do what you love. There's money in love. Money in love brings peace and tranquility.

3. Prophecy for Nigeria and President Buhari

Pray for President Buhari. He has good intentions. A king's intentions cannot be carried out properly without the support of the subjects. He needs your support, to lead us out of the valley.

catastrophes on video were being posted there one the same day they have happened, or on the following day.

In order to reply the critics, on December 30 the prophet posted a sermon about the dangers of offence on YouTube, a topic he further addressed in the live broadcast.
